

East Boynton Beach Little League
Home of the 2003 Little League World Series National Champions

Due to the extensive destruction Hurricane Wilma caused, East Boynton Beach Little League is implementing a new sponsorship program to help rebuild our fields. This is a unique opportunity for businesses to gain excellent exposure in bringing much-needed relief to our league. Without your participation, East Boynton's talented young athletes will not have a place to play and learn the important values that Little League instills. Our entire community appreciates your sponsorship.
